

**Boulder Journey School
Summer Conference 2023**

We are so grateful for the opportunity to take part in the 2023 Boulder Journey School Summer Conference this past June. Our experience was made even better because we traveled as a team.

The conference themes centered around the Natural World and how we work to foster a respectful relationship between our students and the world they encounter every day. Our days were divided into large seminars and small workshops, covering a variety of topics. We chose workshops that deepened our understanding of working with preschool age children, as well as those that would help us to create enriching learning opportunities for our little community.

Our group of teachers had a great time hiking and exploring the beautiful Boulder, Colorado area.

Thank you so much for contributing to the Teacher's Fund and giving us this incredible experience to grow as educators.
